Cascadia score sheet

Write player or team names in the top row.

Names				
Category	Score	Score	Score	Score
Bears				
Elk				
Salmon				
Hawks				
Foxes				
Mountains corridor				
Forests corridor				
Prairies corridor				
Wetlands corridor				
Rivers corridor				
Habitat bonuses				
Nature tokens				
Total				

After each player has taken 20 turns, score the five wildlife species using the wildlife scoring cards chosen for this game. Each habitat scores 1 per tile in its largest connected corridor. Enter corridor sizes separately, then sum habitat majority bonuses: with 2 players, largest earns 2 (tie: 1 each); with 3-4 players, largest earns 3 and second 1. Two tied first get 2 each and no second; three or four tied first get 1 each and no second; ties for second get 0. Each unused nature token earns 1. Finish manually after all categories. Highest total wins. Tied on points: most nature tokens; then shared victory.
